

Voxer is available both for Android devices with OS 6+ and for any iPhone, iPod touch, or iPad that is running iOS 10+.

You can sign up for a Voxer account by following a few simple steps:

1. Download Voxer onto your device [from the App Store \(iPhone\)](#) or [from Google Play \(Android\)](#).
2. After you have downloaded Voxer, open the app on your phone.
3. At the log in screen, tap "Sign Up," enter your e-mail address, a password, your first and last name, and phone number.

Once you have downloaded the app, send me a message and ask to be added to my Holy Week Prayers group. (Note, this is a "broadcast" group and not a "conversation" group, so you will only receive messages from me and not from others in the group.)

My Voxer user name is AEBH.

Just email me if you have any trouble ([amy@amybosthenegar.com](mailto:amy@amybosthenegar.com))
